# Course Assignment 1 in RWDI1 S15
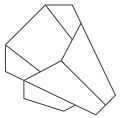

VIA "Academy of Arts" Foundation is a virtual organization, and we are going to create the web page to support it.

1.
   a) Make the front page of "Academy of Arts" Foundation

   b) Make a *look alike* as close as it is possible

   c) Do not make anything dynamic, like the marquee with the pictures running over the screen, or the changing pictures – just make it static.

   d) Use CSS to organize the content and to do **ALL** the styling

   e) "borrow" the pictures from the net

   f) **No** in-line styles allowed

   g) **No** JavaScript allowed - only HTML and CSS

   h) **Do not** use tables to organize content

Part of the front page: http://academart.com/ :
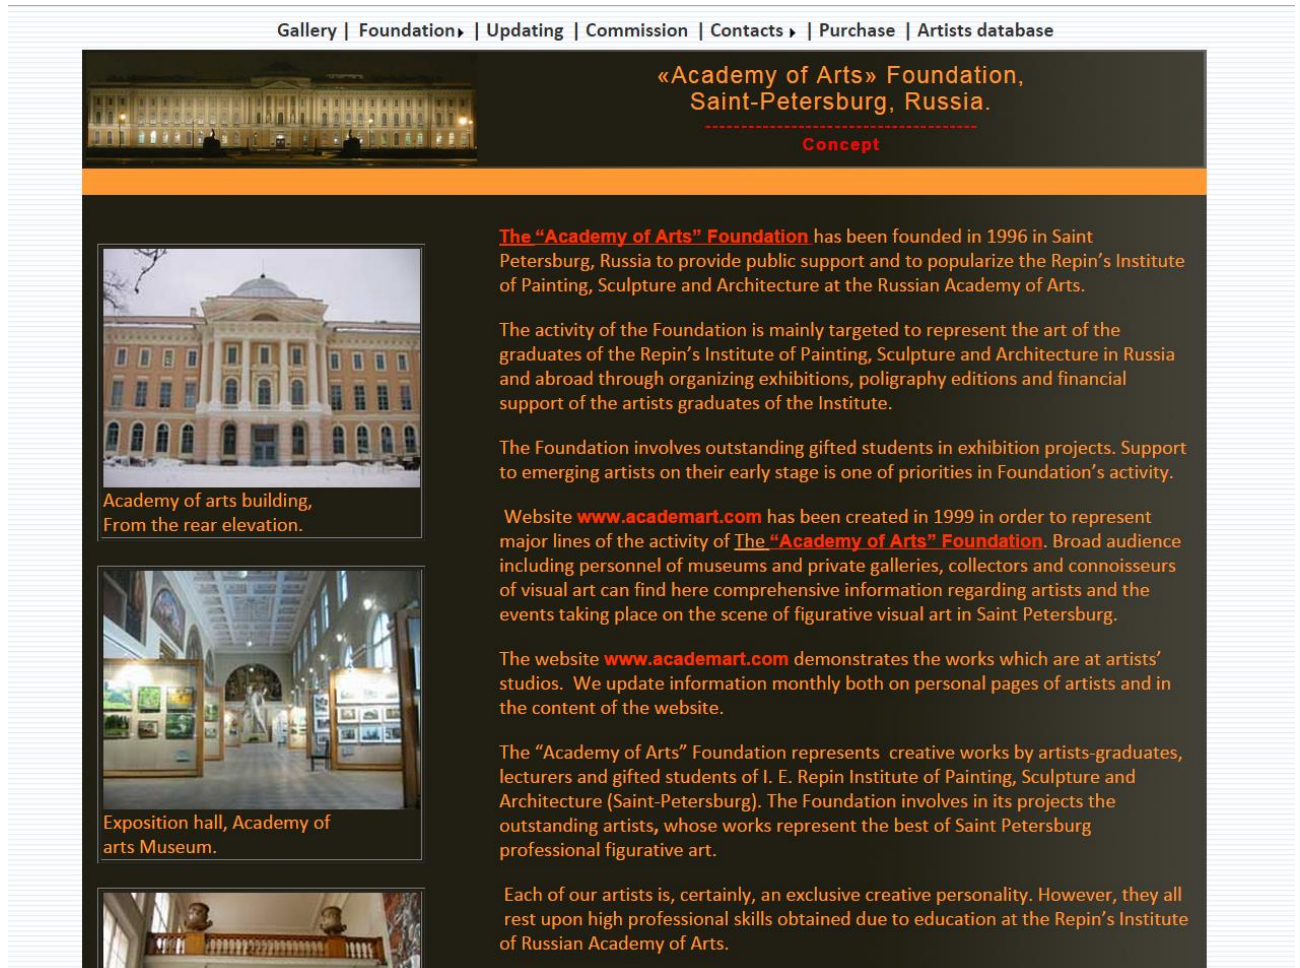

2.

     a)   Make the Foundation page, just as you did the front page.
     b)   Make only 1 link active from the front page: *Foundation*

Part of the Foundation page: http://academart.com/concept.htm

Hand-in in one zip file. Only one hand-in per group (Remember to make a group hand-in in StudyNet).
